## Artisanal Spanish Iberico Bak Kwa

Our Iberico Pork comes from pigs in the Iberian Peninsula, a mountainous region covering the central southern parts of Spain and Portugal. They live in open and natural environment, close to its favorite diet of herbs, mushroom and nuts. The game changer for the Iberico pork meat is rich marbling of fat which makes it super tasty and delicious. Iberico Pork meat is the richest pork you can find. You won't be able to find its flavour and succulence anywhere else!

## Premium Truffle Bak Kwa

Truffles are earth's alchemy. The unique ability of Truffles to enhance dishes to a gourmet status and their rarity makes them a prized culinary ingredient around the world. Our Premium Truffle Bak Kwa are made with the finest pork and Summer Black Truffles from Italy, with no preservatives added. Infusing Truffles into the marinade, allows the Bak Kwa to capture and encapsulate the volatile compounds that release truffles' distill aroma. This locks the aroma of the Truffles into the Bak Kwa and creates a unique depth to the taste of our Truffle Bak Kwa.

## Kurobuta Bak Kwa

Exclusive and first in Fragrance! Our "Black Pork" Bak Kwa is manufactured using 100% USA Berkshire Pork. Better known as Kurobuta (meaning 'black pig' in Japanese), They are famously known as the "Kobe beef of pork", due to its rich marbling, tenderness, and flavour.
